A project of MeitY, Govt. of India

INUP FAMILIARIZATION WORKSHOP ON NANOFABRICATION TECHNOLOGIES, November 29 – December 1, 2017, IIT Bombay

http://www.inup.iitb.ac.in

Indian Nanoelectronics Users’ Programme (INUP) is an initiative by the Department of Electronics and Information Technology (MeitY), Ministry of Communication and Information Technology (MCIT), Govt. of India to promote experimental R&D in the area of Nanoelectronics. Centers of Excellence in Nanoelectronics were established at IIT Bombay and IISc Bangalore with MietY funding, and these centers house state-of-the-art facilities for fabrication and characterization of nanoelectronic devices. Under the umbrella of INUP, these centers are made available to academic researchers from other institutes in the country. The users of this program benefit from fast turn-around time of proposal review, expert mentoring for project execution. INUP provides financial support for fabrication and characterization for the researchers from academia to execute the work at the centers at IIT Bombay and IISc Bangalore. The detailed information regarding the INUP program and laboratory facilities at CEN, IIT Bombay is available on the website: http://www.inup.iitb.ac.in.

This workshop is being organized both for familiarization and interaction of the participants with faculty members and research scholars of IITB. Online applications are invited from interested researchers from academia and R&D laboratories for participation in this workshop.

The technical programme include

- Overview of INUP and available research infrastructure at IITBNF
- Research activities at IITBNF by various groups
- Poster presentations by past users of INUP and IITB students
- Visit to the IITBNF laboratories

Participants would be supported for travel at actuals, subject to the limit of 3-tier AC train fare, on request for the shortest route from the place of work to IIT Bombay and back. Please note that travel support does not include tatkal fare and also Rajadhani, Duronto and Premium train fare.

Limited on-campus hostel accommodation will be provided on request from participants, subject to availability. Please go through the following link for more details on nearby hotels, if you are interested in booking the accommodation on your own (http://www1.iitb.ac.in/GuestHouse/index.html). Kindly note that INUP will not provide/support for the hotel/guest house accommodation outside IIT Bombay campus.
